

## **Personnel Lift Part**

Personnel Lift Parts - Elevating staff to overhead racks or shelving units, the fold down work platform is really safe and convenient. While not being utilized, this attachment could be conveniently folded and after that kept out of your way. It includes a a long chain, a tine lock, and a checker floor plate platform together with hook to attach the platform to the work truck. This particular platform is constructed of welded steel and like a lot of other attachments, has the blue powder coat finish for durability.
