Advance-Nilfisk Parts - Imagine how tedious it would be to tidy up your own home right after having a large party, with no assistance from cleaning machines. In the past, the time upholstery and carpets had the dirt beat out of them by hand; brushes, brooms and cleaning cloths were the state-of-the-art cleaning supplies back then.

P.A. Fisker, the founder of Nilfisk-Advance, was an electrical engineer who really loved working with electrical motors. Founding the business in the year 1906, he began to produce motors to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's dream from the start was to own a worldwide company advertising goods internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented a incredible, ground breaking vacuum cleaner which can be operated by one individual because it just weighed 17.5 kilos! This invention came in a time where numerous cleaning equipment were very big and needed 4 or more operators, thus, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The mastermind behind these first cleaning equipment remains unparalleled. Cleaning equipment offer a brilliant solution to an existing dilemma; stuff get filthy and have to be cleaned on a regular basis, without a lot of effort.

Little by little, the business Nilfisk-Advance developed through the years. During the early 1980's the business developed more rapidly when the business became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the business, trying to be an active worldwide player in manufacturing professional cleaning machines. Nilfisk-Advance is presently represented in all parts of the globe by steadily acquiring lots of small companies to be able to grow their product selection and presence in new markets. They are really proud to present different cleaning solutions to suit each and every need.
