

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each global trade. Transporting industrial goods occurs each and every day on our hectic planet. Initially innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained recognition after World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machines spread internationally.

First founded as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. previous to becoming recognized as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's first forklift. Throughout the years, TCM forklifts have become a global leader in forklift manufacturing and have built a solid reputation in the business. TCM started constructing forklift manufacturing locations outside of Japan during the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

With more than 50 years of accumulated technology and expertise, TCM has been proudly making numerous models of industrial trucks, making their models recognizable all over the globe. With a strong and energetic staff, TCM has been able to constantly work towards becoming a future leading material handling business.
