

Forklift Electrical Part

Forklift Electrical Parts - Lift trucks together with other lift trucks can have particular labels used in certain hazardous locations. The mark denotes that this specific model of lift truck meets the minimum standards of ANSI/UL 553 used for electric lift trucks or ANSI/UL 558 for internal combustion engine forklifts.

The use for labels intended for lift forklifts may be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Areas or Use, Maintenance and Operation, and Type Designations. Consult your local insurance carrier and Fire Marshall for additional information on the permitted uses of industrial powered trucks in your application.

If the forklift has been proven to meet the outlined criteria, the following labels may be put. A marked truck would have the type designation placed on the lift truck nameplate and will have one of the following labels put.
